

**Marcus Garvey**  
**Burning Spear**

Album: 100th Anniversary

Tab: Gonz (\*)

Main riff

```
-----  
-----  
---3--5-55-3-5-----  
-5-----
```

I think this repeats through the whole song, but it s hard to hear the bassline behind all the horns. If anyone has any roots reggae tabs, hook it up. Unfortunately, I don t have much time to play, let alone tab out songs.
