```
  C                 Cmaj7         Dm7(/C)
Clocks in the parking lot, watching the time
 G7(sus)                       Cmaj7
Watch honest people chase, starting to chime
  C7                  Fmaj7
Timepieces holding my life in their hands
F#dim7                    G        G7
Always remind me, behind me, behind me
```

```
    C               F#dim7
But I will always wait for you

Somehow, I know you ll make it too
         C         Cmaj7
Until I see you
