Band: Busted
Song Title: When the day turns into night
Track: 10
Tuning: Standard (eadgbe)
Album: Busted

You palm mute all the way through this song.

There is a picking tune which you is easiest to only downstroke on which is used for the verses. it goes like

(Picking part)

E:-----
A:-----
D:-----
G:-----3-3-3-3-3-3-3-1-1-1-1-1-1-1-2-2-2-2-2-1P2H1-----
B:--2-2-2-2-2-2-2-----
e:-----

the whole song should go like this:

(Picking part)

Nobody s there when you get home

Your renting movies on your own

My photo s on your bedroom wall

You sit there waiting for my call

B

And I know

F#

E

I leave you on your own

G#m

And I need you to be strong

F#

E

when I m walking away

B

And I

F#

E

I hate to say goodbye

G#m

it gets harder everytime

F#

what I feel

E

you feel inside

when the day turns into night

(Picking part)

Another tired afternoon

Another destined hotel room

I hate the fact that your not here

but now I m counting down the days till I get there

B

And I know

F#

E

I leave you on your own

G#m

And I need you to be strong

F#

E

when I m walking away

B

And I

F#

E

I hate to say goodbye

G#m

it gets harder everytime

F#

what I feel

E

you feel inside

when the day turns into night

After that there is violin music

but after that the chorus is repeated 2 more times

and thats basically it. its a good song
