

Vagabond

Caamp

[Intro] G

G C9
In the night while my body slept in my bed
G C9
My mind was running through the woods instead
C
One hundred miles an hour in the fast lane
C G
One hundred miles an hour in my head

G C9
Vagabond dreamin takes me through the night
G C9
Sippin whiskey by the river living out of sight
C
One hundred miles an hour in the fast lane
C G
One hundred miles an hour toward the light

G C9
See the curve in that river s bend
G C9
I look at you and I see my friend
C
One hundred miles an hour in the fast lane
C G
One hundred miles an hour till the end

(G C9)

G C9
My heart does beat like a Cherokee drum
G C9
And in the morning when that sun does come
C
One hundred miles an hour in the fast lane
C G
One hundred miles an hour till I m done
