To float to you upon the crystal sea

We ve got to touch your robe

So swing your robe down low
Swing your robe down low

The prince of despair s been beaten
But the loser still fights
Death s on a long leash

And everyone cries for the innocent
You say to love the guilty, too
And I m surrounded by suffering and sickness
So I m working tearing back the roof

And the pain of the world is a burden and it s my cross to bear
And I stumble under all the weight
I know you re Simon standing there
And I know you re standing there
