Verse:

```
      G              G
There's a stirring deep within me

Could it be my time has come
      G              G
When I'll see my gracious Savior
      G              G
Face to face when all is done
      G              G
Is that His voice I am hearing
      G              G
Come away my precious one
```

at His wounded feet
```
