

Ready To Let Go  
Cage the Elephant

[Intro] **Fm G#**

[Verso 1]

**Fm G#**  
Sun went down, sun went down over Pompeii

On both sides the vow was broken

**Fm**  
Oh my my, I m the one trying to hide this damage done  
**G#**  
One day, all our secrets will be spoken

[Pré-Refrão]

**C# Fm Eb**  
As we slow danced, I became your statue frozen  
**C# Fm Eb**  
Times I wonder, are we just a puff of smoke, yeah  
**C# Fm Eb**  
Underneath this bed of ashes, still withholding  
**G# C# C**  
Everything like we were never close

[Refrão]

**Fm C#**  
Don t you worry baby, no sense trying to change it  
**G# C**  
I ma strike these matches, never had control  
**Fm C#**  
I m ready to let go, was I fooling myself?  
**G# C**  
I ma spread these ashes, never had control  
**Fm G#**  
I m ready, I m ready, I m ready to let go

[Verso 2]

**Fm G#**  
Sun went down, sun went down over Pompeii  
  
On holy ground our vows were broken  
**Fm**  
We met up, we broke bread, I was blue, your dress was red  
**G#**  
Ain t it strange, we both knew this day was coming
