[Verse 1]

D **F#m**
Timber shakes these trails they all derail

Phony, false and frail

An empty ocean lost our way with no direction home

Golden needles names we take in vein

And nothing s sacred still waiting on that explanation

Right before my eyes
A
I saw the whole world lose control
Bm
The whole world lost control

Before my eyes uh-huh

I fell through the floor

I couldn t take it anymore
Bm
I can t take this anymore
G **A**
It breaks my mind uh-huh
