

Spiderhead

Cage the Elephant

It is my first tab, so there may be little mistakes.
Don't hesitate if you have any suggestions.
I based it on Buzzsession acoustic version.

Tuning: standard

Note:

1. Use mainly bar chords (except Em).
2. In some points, while playing E bar chord, you can add lead guitar sound using your pinkie:
e|---10-7-10-7----
3. Listen to the song for timing.
4. Enjoy!
