This was my first tab I ve done, it probably could have done with more
attention than it got, but such is life... This song is unreleased so this
tab (which probably isn t accurate already) could be even more inaccurate
if Schultz and the crew ever get round to releasing this. I tabbed it off
 a LastFM video. Drop me a personal message if it does suck or you have
any modifications. Cage The Elephant are awesome, if you get a chance to
see them, do so, I ve seen them 4 times between 2008 and 2012 and every
time has been awesome!
