Verse:

Fm **C**
Oh my precious ember burning my sweet glowing light

And the echo of my mother s words baby don t you play with fire

I was always playing that part
Fm Eb
first love always at that spot
Fm Eb C
There was no way changing my mind

Chorus:

Hold B Em C
Now I m under your spell, trapped in a lie
Eb C
Shouldn t have stood that close to the fire
Fm C#
No turning back, no where to run
Eb C
No where to hide, it s too late to say goodbye
Fm C# Eb C
Push back from my heart, wish we go back to the start
