

**When You Sleep  
Cake**

**G C D** (C half-beat)

When you sleep where do your fingers go?  
What do your fingers know  
What do your fingers show  
Where do your fingers go

When you sleep  
Do they tremble on the edge of the bed  
Or do you fold them neatly by your head  
Do they clench like claws against your own skin  
When youre living your day al over again

When you sleep  
When you sleep where do your fingers go?  
What do your fingers know  
What do your fingers show  
Where do your fingers go

Do they play guitar in a latin bar  
Are they strangers or lovers  
Do they drive your car  
Are they swimming submissively  
Sex acts of life  
Or just cutting through jello with a very sharp knife

**C G**

Now zeus was a womanizer

**C D G**

Always on the make

**C D C D**

But hera unusually punished her that zeus was one to take

When you sleep where do your fingers go?  
Are they pulling out weeds from the dusty soil  
But then never rewarded with the fruits of their toil  
Are they scratching their nails on the chalkboards of death  
Only seeking attention when everyone in the room has left

When you sleep  
When you sleep where do your fingers go?  
What do your fingers know  
What do your fingers show  
Where do your fingers go

When you sleep  
Do they tremble on the edge of the bed

or do you fold them neatly by your head
