

**When You Sleep
Cake**

G C D (C half-beat)

When you sleep where do your fingers go?
What do your fingers know
What do your fingers show
Where do your fingers go

When you sleep
Do they tremble on the edge of the bed
Or do you fold them neatly by your head
Do they clench like claws against your own skin
When youre living your day al over again

When you sleep
When you sleep where do your fingers go?
What do your fingers know
What do your fingers show
Where do your fingers go

Do they play guitar in a latin bar
Are they strangers or lovers
Do they drive your car
Are they swimming submissively
Sex acts of life
Or just cutting through jello with a very sharp knife

C G
Now zeus was a womanizer

C D G
Always on the make

C D C D
But hera unusually punished her that zeus was one to take

When you sleep where do your fingers go?
Are they pulling out weeds from the dusty soil
But then never rewarded with the fruits of their toil
Are they scratching their nails on the chalkboards of death
Only seeking attention when everyone in the room has left

When you sleep
When you sleep where do your fingers go?
What do your fingers know
What do your fingers show
Where do your fingers go

When you sleep
Do they tremble on the edge of the bed

or do you fold them neatly by your head
