bridge/rap:

I waited for the Lord to save, I waited patiently
And at his perfect time, he rose and turned his ear to me
He brought me off the slimy pits and pending to great despair
he showed me love, he showed me that he really cares
My spirit s strong, but I m weak in the flesh
the flesh is what s left of this pride that I ve kept
So I, I m back at your feet, ashamed that I left you
Forever and on, you come to my rescue.

chorus:

You come to my rescue
My rescue
You re my rescue
Rescue
