Calexico - Para

Em
I hold your wrist
F#
You bite your lip
C **B**
The push becomes an embrace

Em
I touch your face
F#
You close your eyes
C **B**
The embrace becomes a shove

Em
I walk away
F#
You follow too close
C
The shove takes hold
B
And there's nowhere to go

Em **F#** **G** **E**
Take it down, Take it all the way
Am **B** **C** **B** **B/A** **Em**
Take it down, Take it all the way down below the waterline

Em
I see you now
F#
Through a glass wall
C
All that is you stays with you
B
All that is me stays with me

Em
But we see it all
F#
We feel it all
C **B**
And there is no place we can t go

Em **F# G** **E**
Take it down, Take it all the way
Am **B** **C** **B** **B/A** **B** **B/A** **Em**
Take it down, Take it all the way down below, down below the waterline

Use the full barre chord for C, it sounds better. The arpeggios are not too difficult, they re just 2 or 3 strings picked from the main chords and their variations.
