G

Dm

Let me hear your voice; Let me hear you sing Α7 DmOh, let me hear you sing F G Dm Let me hear you sing [Solo] Dm F G Dm[Verse] F G I don t recognize myself that much anymore G Memories in my pockets and coins on the floor G All I smell is smoke and all I ever see Dm Is the look in you eyes that look in you eyes [Chorus] DmF G DmFor your life... come back to my side F G For your life... take me from here For your life... open up your heart For your life... let me hear your voice For your life... open up your heart For your life... let me hear your voice Α7 Dm F G Oh, let me hear you sing DmF G Dm

## [Note]

Let me hear you sing

The song is in 3/4 time, but there is some 2-against-3 polyrhythm going on throughout the whole song, just so you don t get confused by the rhythm.

If you want to improvise the solos over the progression, the solos are mostly in D dorian.
