Artist: Calibretto 13

Album: Enter the Danger Brigade(Tooth & Nail, 2000)

An actual acoustic song from this "acoustic punk" band. This is a nifty little song that I thought I'd share with everyone. Enjoy.

Intro: **C**(strum once)

Verse:(accapella w/ a really bad English accent)

If I were an apple, hanging on a tree,
I'd give myself to the first green worm,
And together we would be.
He'd make a little hole and live inside of me,
He would be my best friend,
And he'd keep me company.
