She s going far away  
She s never coming back  
She gives me heart attacks

Walking in the day  
Sunshine s on my way  
She s asking for a talk  
Running down the block

Walking up the stairs  
She doesn t even care  
She s the one that left  
Leading on the path

She left there torn  
Pierced like a thorn  
It was all my fault  
She forgot about the call

C# B  
I said that she s cliché  
C# D  
She said what did you say  
C# B  
Course I said nothing

It wasn't right  
I forgot about the fight
