Calvin Harris - Feel So Close

Tabbed by: AlexGibbo27 with original tab except guitar part from Brendan Conboy
Email: AlexGibbo5@hotmail.com

Tuning: Standard

Chords for the Verse are:

Am Em G C

You can play these barred if you like.

Chorus is slightly more complex as the bass takes effect as follows.

Am B Em F# G D C C B A Em G

[Main Bass Riff]

```
e|-----|
B|-----|
G|-----|
D|-----|
A|-----5-5-5-5-3-3-3-3---3-2-0---|
E|-5-5-5-5-7-7-7-7-0-0-0-0-2-2-2-2-3-3-3-3-----3-|
```

You can always play these with barred chords. Listen to the song to gain the tempo and movement of notes towards the end of the riff.

Finally there is a guitar lead that comes in just before the chorus to and plays throughout. Its picked at first and then its strummed upwards later at just a fraction off timing. Plenty of distortion but do not let ring.

[Guitar Riff]

```
