

Em D Am

Em D G Am

My way...

Em D Am

[Verse]

Em D G Am

Why wait, to say, at least I did it my way

Em D Am

Lie awake, two faced, but in my heart, I understand

Em D G Am

I made, my move, and it was all about you,

Em D Am

Now I feel so far removed

[Chorus]

Em D

You were the one thing in my way

G Am

You were the one thing in my way

Em D Am

You were the one thing in my way

Em D

You were the one thing in my way

G Am

You were the one thing in my way

Em D Am

You were the one thing in my way

[Post-Chorus]

Em D G Am

My way... Oh way oh way oh way

Em D Am

My way... Oh way oh way oh way

Em D G Am

My way... Oh way oh way oh way

Em D Am

My way... Oh way oh way oh way
