

Fifth In Line To The Throne
Camera Obscura

Intro: **C Am Dm**

Verse **C Am Dm**

I gave you a regal name
Cause you treat me like a queen
But like a queen I don't know when I'll be slain

Now, I'm fifth in line to the throne
How am I gonna tell my king
That I don't trust his throne, anymore

Chorus **F Dm**

If you want me to leave, then I'll go
If you want me to stay, let it show
Do you want me to leave, let me know
Just let me know

Verse **C Am Dm**

I have seen your deepest flaws
I'm ashamed to say they made me want you more
But I was in awe

Chorus **F Dm**

If you want me to leave, then I'll go
Do you want me to stay, let it show
If you want me to leave, let me know
Just let me know

If you want me to leave, then I'll go
If you want me to stay, let it show
If you want me to leave, let me know
Just let me know
Let me know
Let me go
