

New Years Resolution
Camera Obscura

C Dm
New year s resolution - to write something of value
Dm C
New year s resolution - to write something would be fine
C Dm
All I ever wanted was someone to rely on
Dm G
All I ever wanted was somewhere to call home
Dm C
You offer a friendship I can not reciprocate
Dm C
So don t beg me, in a garden, for it not to end this way

Em Dm
I ve been cool with you
Em Dm
I ve been cool with you
Em Dm
I ve been cool with you
F G C
The sooner you admit it I will too

New year s resolution - to kiss you like I mean it
With cheeks the colour of Rhubarb we ll be fine
Everybody s rushing around like they got a meeting
I just want to be here with a friend of mine
We decided to brave the elements of Spain
Because The Seven Year Itch was on telly again

I ve been cool with you
I ve been cool with you
I ve been cool with you
The sooner you admit it I will too

I decided this pain was a landscape of blame
I decided to be only myself these days

I ve been cool with you
I ve been cool with you
I ve been cool with you
The sooner you admit it I will too

Stay now
I wish that you would stay now
Stay now
You nearly went away now

Stay now
I wish that you would stay now
I wish you would stay now
You nearly went away now

Stay now
You nearly went away
Stay now
I wish you would stay now
