

Other Towns And Cities
Camera Obscura

A **A7**
Drinking whiskey reminds me of you
D **D7**
Youâ€™re the first in ages to have gotten through
A **A7**
I know you mean well, yes I know that you do
E **E7** **A**
But sooner or later youâ€™re going to break me in two
A
Were my pupils dilated?
A7
Could you tell that I liked you?
D **D7**
We were so unlikely
A **A7**
You flirt with an ex, put me to the test though
E **E7** **A**
And still I want to tell you that I love you the best
A **A7**
We turned the radiators on and there was no way back
D
Did you know
D7
You had The Plough star trail on your back?
A **A7**
Your voice is quiet but I need it loud
E
In the night you went up
E7 **A**
And in the morning you went down
A **A7**
And itâ€™s like you to forbid me to say goodnight
D
I had your brown eyes and limbs
D7
On me through the night
A **A7**
These words are weak and to your dislike
E **E7** **A**
But youâ€™ll never believe them so I guess itâ€™s alright
D **A**
Do you like the view I show you?
D **A**
Oh I say look at the light
D **A**
Do you still miss the way that I hold you?

E

In other towns and cities

A

Whoâ€™s holding you tonight?

A

A7

The dresses came out of the bag then the tears came

D

D7

And drinking has never been the same again

A

A7

I shared your trouble, I shared your weight

E

E7

A

I lost it with you today

A

A7

And we donâ€™t share a birthday we do share a sign

D

D7

And we shared something or was it in my mind

A

A7

There was talk of love and how I need it back

E

E7

A

Iâ€™d be better for you than that last love of mine

D

A

Do you like the view I show you?

D

A

I say look at the light

D

A

Do you still miss the way that I hold you?

E

Oh, in other towns and cities

A

Whoâ€™s holding you tonight?

E

Youâ€™re in another town or city

E7

A

You mean nothing to me tonight.
