

Pen And Notebook  
Camera Obscura

**F** **C**  
You saved for a bass guitar  
**F** **C**  
And you knew you'd made a mistake when you first saw Marr  
**F** **C**  
With your pen and notebook you've blown me away  
**F** **C**  
It's the smallest words we cannot say

**F** **C**  
Your favourite colour is that of red wine  
**F** **C**  
Which brings me around to your favourite pastime  
**F** **C**  
With your pen and notebook you've blown me away  
**F** **C**  
And I won't be blamed for not feeling the same

**F** **C**  
Are the stars out tonight?  
**F** **C**  
From the south-side, oh the prettiest side  
**F** **C**  
Will you stumble or fall tonight?  
**Dm** **C**  
Are you watching, wrapped up cosy and tight?

( **F** **C** )

We're not the same  
We're not the same  
We're not the same
