

**Bad Things (feat. Machine Gun Kelly)**  
**Camila Cabello**

[Intro]    **D   A   Bm   D   G   D   Em   A**

**D**

Am I out of my head?

**A**

Am I out of my mind?

**Bm**

If you only knew the bad things I like

**G                      D**

Don't think that I can explain it

**Em                      A**

What can I say? It's complicated

**D**

Don't matter what you say

**A**

Don't matter what you do

**Bm**

I only wanna do bad things to you

**G                      D**

So good (so good), that you can't explain it

**Em                      A**

What can I say? It's complicated

**D                      A**

Nothing's that bad, if it feels good

**G                      D**

So you come back, like I knew you would

**G                      D**

And we're both wild, and the night's young

**Bm                      A**

And you're my drug, breathe you in 'til my face numb

**D                      A**

Drop it down to that bass drum, I got what you dream about

**G**

Nails scratchin' my back tatt

**D**

Eyes closed while you scream out

**G**

And you keep me in with those hips

**D**

While my teeth sink in those lips

**Bm**

While your body's giving me life

**A**

And you suffocate in my kiss

Then you say

**D**

I want you forever

**A**

Even when we re not together

**G**

**D**

Scars on my body so I can take you wherever, like

**G**

I want you forever

**D**

Even when we re not together

**Bm**

**A**

Scars on my body, I can look at you whenever

**D**

Am I out of my head?

**A**

Am I out of my mind?

**Bm**

If you only knew the bad things I like

**G**

**D**

Don t think that I can explain it

**Em**

**A**

**D**

Don t matter what you say

**D**

**A**

I can t explain it, I love the pain

**Bm**

**D**

And I love the way that your breath numbs me like novocain and we are

**G**

**D**

Always high, keep it strange

**Em**

**A**

Okay, yeah, I m insane, but you the same

**D**

**A**

Let me paint the picture, couch by the kitchen

**Bm**

**D**

Nothing but your heels on, losing our religion

**G**

You re my pretty little vixen

**D**

And I m the voice inside your head

**Em**

That keeps telling you to listen

**A**

To all the bad things I say and you say

**D**

I want you forever

**A**

Even when we re not together

**G**

**D**

Scars on my body so I can take you wherever, like

**G**

I want you forever

**D**

Even when we re not together

**Bm**

**A**

Scars on my body, I can look at you whenever

**D**

Am I out of my head?

**A**

**Em**

**A**

**D**

**A**

The way we love is so unique

**Bm**

**D**

And when we touch, I m shivering

**G**

And no one has to get it

**D**

Just you and me

**Em**

Cause we re just living

**A**

Between the sheets

**D**

I want you forever

**A**

Even when we re not together

**G**

**D**

Scars on my body so I can take you wherever, like

**G**

I want you forever

**D**
