

## Consequences

Camila Cabello

[Intro] C F9 G

[Primeira Parte]

**Am** **F**  
Dirty tissues, trust issues  
**G**  
Glasses on the sink, they didn't fix you  
**Am** **F**  
Lonely pillows in a stranger's bed  
**G**  
Little voices in my head

**Am** **F**  
Secret keeping, stop the bleeding  
**G**  
Lost a little weight because I wasn't eating  
**Am** **F**  
All the souls that I can't listen to  
**G**  
To tell the truth

[Refrão]

**C** **F** **G**  
Loving you was young and wild and free  
**C** **F** **G**  
Loving you was cool and hot and sweet  
**Am** **G**  
Loving you was sunshine, safe and sound  
**F** **Em** **Dm**  
A steady place to let down my defenses  
**F** **G** **C**  
But loving you had consequences

[Segunda Parte]

**Am** **F**  
Hesitation, awkward conversation  
**G** **Em**  
Running on low expectation  
**Am** **F**  
Every sign that I was ignoring  
**G**  
I'm paying for it

[Refrão]

Loving you was young, and wild, and free

Loving you was cool, and hot, and sweet

Loving you was sunshine, safe and sound

A steady place to let down my defenses

But loving you had consequences

( Dm C/E F )

( C/E Dm C )

( Dm C/E F )

[Refrão]

Loving you was dumb, dark and cheap

Loving you still takes shots at me

Loving you was sunshine, but then it poured

And I lost so much more than my senses

Cause loving you had consequences
