

Somethings Gotta Give
Camila Cabello

[Intro] C Em G D

C Em
Loving you, I thought I couldn't get no higher
G D
Your November rain could set the night on fire, night on fire
C
But we could only burn so long
Em
Counterfeit emotions only run skin deep
G D
Know you're lying when you're lying next to me, next to me
C
How did we get so far gone?

Em G
I should know by now, you should know by now
D
We should know by now

C Em
Something's gotta give, something's gotta break
G D
But all I do is give, and all you do is take
C Em
Something's gotta change, but I know that it won't
G D
No reason to stay is a good reason to go

C Em G D
Is a good reason to go, ooh

C Em
I have never heard a silence quite so loud
G D
I walk in the room and you don't make a sound, make a sound
C
You're good at making me feel small
Em
If it doesn't hurt me, why do I still cry?
G D
If it didn't kill me, then I'm half alive, half alive
C
How did we get so far gone?

Em G
I should know by now, you should know by now
