

**Great Commandment
Camouflage**

[Verse]

Some people supress you
They parch you and reap a disaster.
Reeducation for the infants
Who demanded for an innocent instance.

[Chorus]

The great commandment shows the contempt
Between the world and their embarrassing pavement.
Believe the scholars
Read the readings
Realize the man who says anything.

The great commandment

[Verse]

The needies believe you
They treat you like survivors of a disaster.
Reeducation for the infants
Who demanded for an innocent instance.

[Chorus]

The great commandment shows the contempt
Between the world and their embarrassing pavement.
Believe the scholars
Read the readings
Realize the man who says anything.
