B F# E F#
Things never really got better

G#m F# E F#
Or maybe I wasn t paying attention

B F# E F#
I ve still got a year or two left on the car

G#m F# E F#
And my knees feel a year or two older than they really are.

B F# E F# G#m F# E F#

**Continues like that

You ll have to excuse my expression
But it s only the alcohol
And she calls it addiction; I just call it a friend
But enough about me, damn it s so good to see you again.

Well I never meant to get bitter
So neurotic or unpatriotic
But I guess that s what happens when the days blend together
No rain but you can t help complain about the weather

G#m F# E
Cause there s nothing else to say

E
Well I m fading away
C#m
Ask me how I am today

****back to verse**

Now I ll say well thank you for asking
But now that you mention it
I am sick and damn tired of apologizing
For so many things that have never been my fault

E

And I don t care if you care

C#m

And I don t care if it rhymes

E

Well I ve told you a thousand times

F#

You pay for your own fuckin crimes

B F# E F# G#m F# E F#

Could you tell when you ve finally folded
That minute your eyes rusted shut
She says, don t let it get to you
There s really nothing you can do really
But she s just talking through me

Cause there s nothing she can say
That ll take it away
Ask me how I am today

Now I ll say well thank you for asking
But now that you mention it
I am sick and damn tired of apologizing
There s so many things that have never been my fault

And I don t care if you care
And I don t care if it rhymes
But I ve told you a thousand times
You pay for your own fuckin crimes

G#m F# B C# C#M7 D#m7 E F# x2

But thank you for asking
But now that you mention it
I m so tired of drinking myself to sleep
Cause I ll never really be, where it is I want to be

And I don t care if you care
And I don t care if it rhymes
But I ve told you a thousand times,
You pay for your own fuckin crimes

Now I ll thank you for asking

But now that you mention it
I m sick and damn tired of apologizing
For all of these things that have never been my fault

And I don t care if you care
No cause I don t have the time
The snow s on its way
But I can see you again my friend

**ends on F#...what a winner ending
