comenst/fanmail and other poep e-mail me!

\* [BAZZY]

One of the better songs on the alb-m  
I just tabbed out the rythm guitar wich isn t very hard to play

I m sorry for the weird notation! But i don t know the names of  
most of the chords (never had a guitar lesson in my life) so  
i wrote the down this way!

Intro : E C ?C? repeated

chords:

| E             | C | ?C? |                                           |
|---------------|---|-----|-------------------------------------------|
| e -0- -0- -0- |   |     | now i m sure he plays the ?C? thing       |
| B -0- -1- -3- |   |     | it sounds very nice (especially if        |
| G -1- -0- -0- |   |     | you slide up from the C to the ?C? thing) |
| D -2- -2- -4- |   |     | (like he does)                            |
| A -2- -3- -5- |   |     |                                           |
| E -0- -0- -0- |   |     |                                           |

lyrics over E C ?C? part

- Another lie for us to live in
- Pages pick it up anytime she likes
- Another life for her to put down, pick it up, pick it up
- Anytime she might find enough to, enough to get her high

during the last sentence the bass playes a loop that goes something  
like this (it sounds pretty cool on guitar too)

E: -(0)-0--6-0-5-3-1-0--0---

chord progression for the next part:

| E                 | ? | A | G |        |
|-------------------|---|---|---|--------|
| e --- --- --- --- |   |   |   |        |
| B --- --- --- --- |   |   |   | PART A |
| G -1- -7- -6- -4- |   |   |   |        |
| D -2- -8- -7- -5- |   |   |   |        |
| A -2- -8- -7- -5- |   |   |   |        |
| E -0- -6- -5- -3- |   |   |   |        |

lyrics:

- And i ll get her high
- Turn it off i found her weakness
- Boxes filled with memories shavings
- Lead into something better
- I heard it yesterday
- It s old news my friend
- She s broken hearted

chord progression for the next part:

B|----|---|---|---|   PART B
G|-10-|-5-|-7-|---|
D|-11-|-6-|-8-|---|
A|-11-|-6-|-8-|---|

The next part get s played just before he jumps back into the E C ?C? rythm (just once) over the lyrics- can we seen her one last time

the next part is a bit tricky with the slides but i think it s correct  
(sounds correct to me anyway)

lyrics:

- So when she lays here head down
- Do you read all the thoughts that she feeds aloud
- She can ,she can see through
