Spectacular sky  
Shooting stars

**E**

Immeasurable wings

**D**

To see the other see

**E**

**D**

Crackle of volcano, lava flow  
Ash-cloud lightning flash

**C**

**F**

**E**

We were so far from home

**A**

Bright colored sail on land  
How many times wide-eyed

**E**

**D**

Like thunder made everything

**E**

Tremble

**D**

I held your moss-covered stone  
And the sun disappeared

**C**

As I watched you return

**F**

**E**

**A**

From the rising water's edge
