

**Rancid Amputation  
Cannibal Corpse**

This is an arrangement done by an Australian lounge singer.  
Enjoy :)

**G**

Rippin through flesh is what I do best

**E**

Tear off an arm Amputate a neck

**A**

Eyes removed, cranium smashed

**D7**

Decomposing remains, severed in half

Torsos hang from their own intestines  
Raped of all bodily extensions,  
Stumps wreathing with infection  
Sufferin a Rancid amputation

My muscles tighten as I feel the rush  
I look at your corpse starting gush  
Internal rot, beginning to clot  
Ill swallow your puss

Scat Solo:

**G E A**

**D7**

Sufferin a rancid, Sufferin a rancid  
Sufferin a rancid amputation!

Hack, rip, slice. Carve, chop, tear.  
Rippin out your eyeballs watch them stare  
Tear, rip slice, carve chop hack  
Shove the entrails into his sack

**G**

Dying slowly never to rest,

**E**

Nerves are quivering as I rip

**A**

Removal of life on the blade of my knife

NC

And now my favourite cannibal corpse lyric off all!

**D7**

**G**

**D7 G**

Rape the limbless cadaver!
