[Intro]

A Bm A D G A
Bm A D G A

[Verse 1]

Bm A D G A
I made my way to an unknown unknown
Bm A D G A
I thought it simple how they made their way here
Bm A D G A
If I could climb over all their mountains
Bm A D G A
And find my way in control of what they own

[Chorus]

Em D A G
I took your goals and I stole your story
Em D A
So I could give you mine
Bm G D A
You will be known by how I brought you glory
Em D A
And how I saved your lives

[Verse 2]

Bm A D G A
Now that I hold all the means of living
Bm A D G A
I ll strip you of your dignity by giving
Bm A D G A
My charity will only keep you from me
Bm A D G A
And keep you from the worlds your fathers gave me

[Chorus]

Em D A G
I took your goals and I stole your story
Em D A
So I could give you mine
Bm G D A
You will be known by how I brought you glory
Em D A
And how I saved your lives

[Verse 3]

Bm	A	D	G	A
One last advice from this great white savior				
Bm	A	D	G	A
Keep reaching out for me to feed your children				
Bm	A	D	G	A
I ll walk away feeling like I matter				
Bm	A	D	G	A
Only to find myself a new disaster				
Bm				
To fix
