**D** **Bm**  
It s been so long I heard that song  
**D** **Bm**  
It made me sweat when I sang along  
**D** **Bm**  
And even after all this time we ve let pass by  
**D**  
It hits me like a rock  
**Bm**  
And I still don t know why

**D** **Bm**  
Take me on your motorcycle  
**D** **G** **A**  
Run with you through the hills  
**D** **Bm**  
We don t care for what s wrong and what s not  
**D** **G** **A**  
I like to be with you without a view of what s real

**G**  
But then you say we always lose our edge

**A**  
But baby baby, is that too bad?

**Em**  
You know I like you a lot but

**A** **D**  
It still hits me like a rock

**Bm**

It s been so long since I heard that song  
It made me cry when I sang along  
And even after all this time we ve passed by  
It hits like a rock  
And I still don t know why

You told me if we ever collide again  
You would knot my brain, a million times  
We have too many bruises, from too much kissing  
And the only pain would be from too much missing

But then you say we always lose our edge  
Baby baby, is that too bad?  
You know I like you a lot but
