

You'll Never Be Alone
Capital Kings

This song is usually a dub-step song. It's always fun to make an interesting rendition to it though. It won't be completely perfect, since the original has no guitar, but nevertheless, enjoy, and God Bless!!!

(Capo 6)

I'm the street lights that guide you home
I'll be the GPS when you've lost your phone
I'll be the song that's rockin' into your headphones
I'll show you the signs to let you know

You'll never be alone
You'll never be alone

(Rapping... PLAY C#, G#, Fm, D# THROUGHOUT).

Hey let me start it off by saying this
You mean everything to me, nothin' I wouldn't risk
Every single second or moment that passes by
I'm thinkin' about you and really want you to know that
There's something more out there
Something that will hold you very tight when you're scared
Cause I know when times get tough, and it starts to feel rough
It can feel like everything's crashin' down on ya

BRIDGE

So when it seems like every road you're on has hit a dead end
There is hope, let me show... (repeat chorus)

Man crazy how you got this far
I'd be sittin' just wonderin' where to start
Last week you were sayin' that somethin' just ain't right
Layin' in your bed stayin' up all night cause
This life is harder than it seems
But one thing I've learned is never stop chasin' your dreams

And if it ever gets too hectic for you, stop for a second
And remember one thing... (repeat bridge and after, chorus)

C# **A#m**
Sometimes life is an ocean, we re just tryin to float
Fm **D#**
We get caught in slow motion from the undertow
C# **A#m**
Sometimes the path to choose is right in front of you
Fm **D#**
You just gotta let go... (chorus)

Thanks hope you liked it! :)
