In this world, true love rarely shows

Bridge:

G **D**
We re all lost and lonely; we re all walking blind

In a world manipulating our heart and soul and mind

Too numb on medication to feel that we re deprived
Em **C**
Deep down there s something missing; our empty hearts won t heal

Tillâ€™™ You come in and fill that spot that only You can fill
Em **C**
Our callused eyes will open, our natured minds will close
D
And we ll see truth in life, and all because of love
