

**Mile Away**  
**Capital Lights**

Chorus:

**F** **C**  
I m a mile away from where I belong,  
**Dm** **Bb**  
I m a mile away from home.  
**F** **C**  
I m lying awake at the thought of you gone  
**Dm** **Bb**  
And I m a mile away from home.

Verse 1:

**F** **C**  
On top of the world he thought, let down when he hit the spot.  
**Dm** **Bb**  
Dead stare in the mirror as he drove.  
**F** **C** **Dm**  
Had room for growing up, he got cold feet so he had to run  
**Bb**  
To a city with a history of love.  
**F** **C** **Dm**  
Knowing she relies on me but I m on  
**Bb**  
My way to an unpredicted fall.  
**F** **C**  
Feet under the covers now, lips sealed tight till I hear a sound.  
**Dm** **Bb**  
The sound of a soon redeeming call.

[Chorus]

Verse 2:

**F** **C**  
Now I know I never dreamed to be a movie star but I m hiding in the Hollywood  
hills.  
**Dm**  
I ve learned regret from a cowards mouth  
**Bb**  
Wouldn t let her know how I feel.  
**F** **C**  
Held up and I m stuck in line, can barely get around on the 405.  
**Dm** **Bb**  
Headed downtown in a half-full automobile.  
**F** **C** **Dm** **Bb**  
Now but deep inside I see the light, I m a runaway victim left alone.

**F** **C**  
At night though you lay so far, we both stare out at the same old stars  
**Dm** **Bb**  
Wishing for direction where to go.

[Chorus]

**C** **Bb** **F** **C**  
Oh, but I could never forget the guilty look in your eyes at the end.  
**Bb** **F**  
I walk the line like a merry-go-round, thought I learned but I lost you again.  
**Dm** **F** **Bb**  
And all at once, if the world stops spinning maybe you could let me win.  
**C** **Bb** **F**  
Oh, but I could never forget the guilty look in your eyes at the end.

(Instrumental: **Dm** **F** **C**) x2

[Chorus]
