

Garden Valley
Cara Dillon

[VERSE 1:]

D **A** **Bm**
This is really not my home
G **D/F#**
Oh where are you my lovely Bonny?
D **A** **Bm**
I m afraid and all alone
G **A** **D**
There is no peace for me

[VERSE 2:]

I m sitting in the stranger s room
Playing at the stranger s table
Shining empty like the moon
There is no peace for me

[Chorus:]

G **D/F#** **Em** **Bm** **Em**
But in the darkness struggle cold
 Bm **A** **G** **A** **D**
I think about a garden valley
 A **D/G**
Gentle as the leaves unfold
D **A** **D/G** **D**
Singing out across the bay
 A **Bm**
Distant and so far away
G **A** **D**
There s no peace for me

[VERSE 3:]

I m blinded by your city lights
I wander through these fearful places
The colours fade to black and white
There is no peace for me

And these are not the friends I know
These are not their smiling faces
A desert that no-one should know
There is no peace for me

[Chorus:]

But in the darkness struggle cold
Bm A G A D
I think about a garden valley
A D/G
Gentle as the leaves unfold
D A D/G D
Singing out across the bay

Distant and so far away
G A D
There s no peace for me

[VERSE 5:]

Now I know and feel it well
Poor immigrants deep sunken feeling
Standing at the gates of Hell
There is no peace for me

[VERSE 6:]

Burned out by their master s greed
Cruel exile transportation
Robbed of every love and need
There is no peace for me

[Chorus:]

G D/F# Em Bm Em
But in the darkness struggle cold
Bm A G A D
I think about a garden valley
A D/G
Gentle as the leaves unfold
D A D/G D
Singing out across the bay

Distant and so far away

There s no peace for me
