

Texas Stars
Carbon Leaf

Easy song. There is a key change after the guitar solo.

C **D**
Breathe in the night

F **C**
Let it know just who you are

C **D**
How you wish the weight of the world

F **C**
Would unleash your shooting star

Am **C** **Am** **F** **G** **C**
C **D**
Look up at the light

F **C**
Have you seen that star before?

C **D**
How quickly dreams rearrange

F **C**
When constellations are at war

Am **C** **Am** **F** **G** **F**
Hey lonestar, it s alright

F **Am**
Did you look up to find

G **C**
You were left behind?

F **Am** **G** **C**
Did your heroes and stars fade out?

Have you been let down
By a lover, father, or friend?
Did the myth of greatness leave your side
With no desire to defend?

C **Am** **C** **Am** **F** **G** **F**
Did their chariots of fire burn you in the end?

F **Am**
Did you look up to find

G **C**
You were left behind?

F **Am** **G**
Did your heroes and stars fade?

F **Am**
Did the one you love

G **C**
Cradle you up above?

F **Am** **G**
Where the heroes and stars played?

solo **C** **D** **F** **C** **D** **F** **C** **Am** **C** **Am** **F** **G** **D**
