**Ebm**  
Call her thief

**Ebm/D B**  
Call her shallow and insin - cere

**Ebm** **Ebm/D B**  
Cause you ll never see just how perfect she could be

**G#m E F#**  
Then she s gone and my friends can come along

**G#m E F#**  
and they tell me that I m happier

**G#m E F#**  
One more fight, yeah, you tell me all the time

**G#m E F#**  
How do I swallow my pride?

**B**  
But she s the one,

**F#sus4**  
she s the one,

**B**  
but she s the one,

**F#sus4**  
she s the one.

Time and time I hear things that can t be true  
and it s only talk cause she ll never be so cruel;  
Every night there s a new name on her arm  
that I don t think I recognize  
and it s never strange just how long she stays away  
I guess I ll have to compromise.
