

**Ugly Valentine**  
**Carissa's Wierd**

Okay, so this is kind of like the demo from Scrapbook. I prefer to play this version, and it sounds really cool on acoustic.

Standard tuning.

Eadgbe

Intro goes like this.

Intro:

--3---3---3---3-	--3---3---3---3-	--3---3---3---3-	-3-----
-1-1-1-1-1-1-1-1	-1-1-1-1-1-1-1-1	-1-1-1-1-1-1-1-1	-1-----
-----	-----	-----	-0-----
3---3-----	-----	3---3-----	-0-----
-----3---3---	-----0---0---	-----3---3---	-0-----
-----	3---3-----	-----	-3-----

Then just play:

**F**

They re all gone now.

**C**

Took a long time

**G**

You re the only one,

**Am**

Who d be my valentine.

**F**

I didn t want that

**C**

To drive you crazy

**G**

Should have done something

**Am**

Guess i m lazy

**F**

**C**

Feeling down low now

**G**

**Am**

Someone tell me what i should do

**F** **C**  
Because i ve never been perfect

**G** **Am**  
But i never meant to drag down you so

**F** **C**  
If i m dragging you down now

**G** **Am**  
I could wait in the lost and found

**F** **C**  
Just promise me you ll be perfect

**G** **Am** **F**  
And i promise that i ll come around sometimes

**C** **G** **Am**  
To saaaay hello all smiles

The next part continues until the end of the song  
It s three chords. Play them like this.  
(I like to just play the first three strings then add in the rest as I build up  
toward the end.)

<b>Am</b>	<b>G</b>	<b>F</b>
-5-----	-3-----	-1-----
-5-----	-3-----	-1-----
-5-----	-4-----	-2-----
-7-----	-5-----	-3-----
-7-----	-5-----	-3-----
-5-----	-3-----	-1-----

So, for now, just play the first three strings:

**Am** **G** **F**  
Maybe it s time to let go

**Am** **G** **F**  
Probably doesn t even weigh that much now

**Am**  
So i ll drop it

**G**  
I ll turn around fast

**F**  
I ll shake your hand and take

Six steps back

**Am** **G**

We ll have a seat and another cigarette

**F**

We ll have a drink for nothing to regret (Start building up and adding the rest of the chord)

**Am** **G**

We ll clap our hands when, when we hear that sound

**F**

Won t be sad now

Won t be feeling down

**Am**

We could live or die

**G**

Have a great time

**F**

I ll be your valentine

An ugly valentine

**Am**

We could live or die

**G**

Have a great time

**F**

You ll be my valentine

A perfect valentine

(Strum once for each chord)

**Am** **G** **F**

We could live and die be my valentine. Be my valentine

This was my second tab.

Hopefully this was cool.

If you have corrections comment them.

Thank you.
