Title: SOMEONE TO LAY DOWN BESIDE ME (Carla Bonoff)

```
  Dm
  There s somebody wainting alone in the street
  Dm
  For someone to walk up and greet

  Gm7               Am7
  Here you are all alone in the city
  Gm7                     Am7
  Where s the one that you took to your side
  Gm7                     Am7
  Lonely faces will stare through your eyes in the night
  Dm
  And they ll say - woman sweet woman please come home with me
  Dm
  You re shining and willing and free
  Gm7                   Am7
  But your love it s a common accurrence
```

```
Gm7                          Am7
Not like love that I feel in my heart
Gm7                          Am7
Still you know that may be what I need

C
Is someone to lay down beside me
And even tho it s not real
Just someone to lay down beside me

You re the story of my life

Well morning is breaking the street lights are off
The sun will soon share all the cost
Of a world that can be sort of heartless
Not like love that you feel in our heart
Still you know that may be all you get

Is someone to lay down beside me
And even tho it s not real
Just someone to lay down beside me
You just can t ask for more
