Originally Capo 5th Fret.

G

I always want more

C

I m never gonna get it

D

You re gonna be the one I never got that got away

G

And I ll regret it

Just a moment in time

C

But I can t forget it

Yeah, we almost said it

If this is love, ooh

C

I should be dying

D

But I m going downtown like I still care

G

Like I m still trying

C

I said I was over you but I ${\tt m}$ lying

D

G

There, I almost said it

G

C

Every time you look at me

E:m

D

I say it silently

C

G

Oh, when will you wake up and get it

 \mathbf{Em}

D

This close, we almost said it

c

I know you re not evil

c

So why do you tease me

Yeah, staying around here late at night

You don t make it easy

It s in my body language, read me

We were this close

This close, yeah

And it s like every time you look at me

I say it silently

C

Oh, wake up, baby, come and get it

This close, we almost said it

C

You say that you re still not free

Well, I hear selectively

C

That still means someday you might be

Oh, this close, yeah, yeah

G

You wrote me a song

C

I often play it

Depending on where I am with you

I either love it or I hate it

We were just this close but we couldn t say it

D~~~

We were this close
