

Dan My Fling
Carly Simon

Dan, My Fling - From Carly Simon's Debut Album - 1971

Verse 1:

G **C**
I said that I felt jailed up
G **C**
As if our doors were nailed up
G **A**
I said I needed separate places
D7sus **D7**
Parties, room to move around in
G **C**
I said I needed my fling
G **C**
Had to get out and do some other thing
G **A**
It took me months to calculate

D7sus **D7**
That I had nothing left without you

Chorus:

C **G** **F** **Em** **D7**
Dan, my fling is all flung out
G **C** **G** **Am** **D7**
Now I've got to fall back on dreams

Verse 2:

G **C**
I thought I'd try and write you
G **C**
I thought I'd try and phone you
G **A**
I thought I'd try to tell you
D7sus **D7**
That I smell your hair still on my pillow
G **C**
But you'd just smile to please me
G **C**
You'd shake your head and you'd tease me
G **A**
Remind me it was I who first claimed
D7sus **D7**

That we both required freedom

Chorus:

C **G** **F** **Em** **D7**
Dan, my fling is all flung out
G **C** **G** **Am** **D7**
Now I ve got to fall back on dreams

Verse 3:

G **C**
I d dream up schemes to meet you
G **C**
I d nonchalantly greet you
G **A**
I d ask you up for coffee
D7sus **D7**
Anytime you had an hour open
G **C**
You say you like my hair long
G **C**
You ask me if I ve written any new songs
G **A**
You d laugh, you d turn and cross the street
D7sus **D7**
And leave me dizzy with your laughter

Chorus:

C **G** **F** **Em** **D7**
Dan, my fling is all flung out
G **C** **G** **Am** **D7**
Now I ve got to fall back on dreams

Verse 4:

G **C**
I hear you re leaving this town
G **C**
You and some girl gonna travel around
G **A**
You bought a car with foldback seats
D7sus **D7**
You ll camp out by the lakes and forests
G **C**
I lie alone in our old bed
G **C**
Your laughter it s echoin inside my head
G **A**
I close my eyes, I smell your hair
D7sus **D7**
It s like I haven t slept in years

Chorus:

C **G** **F** **Em** **D7**

Dan, my fling is all flung out

G **C** **G** **Am**

Now I ve got to fall back on dreams

D7 **G** **C** **G** **C** **G** **C** **G**

Dreams of youâ€¦| Hmmmm, hmmmm hmmm.
