

**The Loves Still Growing**  
**Carly Simon**

The Love s Still Growing - from Carly Simon s debut album.

**Cmaj7**                    **Cm7**  
And I m so high  
      **D**            **C**    **Cmaj7**  
I can t go on  
          **Cm7**                    **D**  
Oh but I can sing this song

**C**                                    **Em**        **F**        **C**  
Because the love s still growing  
                  **Em**        **F**        **Dm7 C**  
And the love s still growing

**Cmaj7**                    **Cm7**  
Some folks say  
      **D**            **C**    **Cmaj7**  
That all hope is gone  
      **Cm7**                    **D**  
But today, the world is one

**C**                                    **Em**        **F**        **C**  
Because the love s still growing  
                  **Em**        **F**        **Dm7 C**  
And the love s still growing

**Cmaj7**                    **Cm7**  
It s time to say  
**D**            **C**    **Cmaj7**  
It s time to know  
**Cm7**                    **D**  
That it s O.K., that some must go

**C**                                    **Em**        **F**        **C**  
Because the love s still growing  
                  **Em**        **F**        **Dm7 C**  
And the love s still growing
