

Three Days
Carly Simon

Three Days from Anticipation - 1971

A **A7**
If I have known you only three days
D **E** **F#m**
Then how will I remember you in ten?
D **E** **A7**
But I could swear I ll love you always
D **C#m**
And if the Gods will please be kind
F#m **E** **D**
Darling, I ll be with you soon
A
Soon again

A **A7**
And on the road you have some good times
D **E** **F#m** **D**
But when the show is over you go home
E **A7**
And it hurts me so to leave you behind
D **C#m** **F#m**
And Lord I feel lonesome
F **D**
Lonesome for the you I might have known
A
might have known

A **A7**
You ll be in L.A. in the morning
D **E** **F#m**
And I ll be in London by sundown
D
But when I sing
E **A7**
My song is filled with longing
D **E**
And the memory of your last look
F#m **E**
The way you took me by suprise
D **A**
And the way you turned my head around
D **A**
And the way you turned my head around
