

Symphonies

Carmen

G **D** **C** **G**
I think I found a place for you and me

D
Where we could hide and write some

C **Am**
Symphonies

C **Am**
I said I never loved someone as much as her

G
And I said I wouldn't go

D **C**
By now I would be lost on those empty
G

Streets

D **C** **Am**
Asking myself if it was just a dream

C
But you are here with me, and I know this

Am
Is for real

G
And I said I wouldn't go

Am
I'll just keep lying to myself that I'm

C
Fine tonight

Am **C**
And go to places I know you don't like

Am
I'm not running away from you

C
I just wish that you could do the stuff you

Am **C**
Like when you're on your own

(**G**)

D **C** **G**
I'm sick of people telling me what to be

D **C** **Am**
I think I might just write them symphonies
