**Em**

**Em**

You were there in my dreams

**Em**

I reach for you like amphetamine

**Em**

I was strong, so serene

**Em**

• Til you offered me your mouth

**Em**

I bound you with desire

**Em**

You worship me with offerings

**G** **Gmaj7** **C**

Behind a veil of pleasure

Love strikes hard

**G** **Gmaj7** **C**

To your illusion, waiting

**D** **G**

Love strikes hard

**G** **Gmaj7** **C** **D** **Em**

A complicated game tears you apart

Love strikes hard

We writhe between sheets

You fall prostrate at my feet

In a room, that is you

With walls that breathe my name

Where do I end

And you begin?

Behind a veil of pleasure

Love strikes hard

To your illusion, waiting

Love strikes hard

It can mess you up, and leave you scarred

Love strikes hard

You give and I will take  
You're a sacrifice I have to make  
Your body is my sanctuary  
My body lies in ambush

Behind a veil of pleasure  
Love strikes hard  
To your illusion, waiting  
Love strikes hard  
A complicated game tears you apart  
Love strikes hard  
Love strikes  
Love strikes hard  
Behind a veil of pleasure  
Love strikes hard  
To your illusion, waiting  
Love strikes hard  
It can mess you up, and leave you scarred  
Love strikes hard  
Behind a veil of pleasure  
Love strikes hard  
To your illusion, waiting  
Love strikes hard  
A complicated game tears you apart  
Love strikes hard  
Love strikes hard
