**G** **Bm**  
Frame ghost, left perfume on pillow  
**G**  
Room without a halo  
**Bm**  
Losing my sleep

**G** **Bm**  
Almost on and off in echoes  
**G**  
Time is passing so slow  
**Bm**  
Dragging me deep  
**G** **Bm**  
I cant make anything out of mightve beens  
**G** **Bm**  
Will tomorrow bring all into light?

**G** **Dsus4/A**  
When you are near me  
**Em7** **Bm**  
When you are here I see  
**C** **G**  
All that I am made of  
**D**  
And all that I am  
**G** **[Bm-G-Bm]**  
When you are near

**G** **Bm**  
Waylaid, television headache  
**G**  
Bursting into daybreak  
**Bm**  
Losing my sleep

**G** **Bm**  
I dont fear anything in this place were in

**G** **Bm**  
Will tomorrow bring all into light

**G** **Dsus4/A**  
When you are near me

You're all that I have  
**G** [**Bm-G-Bm**]  
You're all that I am

**G** **Bm**  
I can't see anything in the dark but then  
**G** **Bm**  
Your reflection brings all into light

**G** **D**  
When you are near me  
**Em7** **Bm**  
When you are here I see  
**C** **G**  
All that I am made of  
**D**  
And all that I am

**G** **D**  
When you are near me  
**Em7** **Bm**  
When you are here I see
