**F** **F6** **FM7** **F6**  
As a child I was known for make-believing  
**F** **Gm**  
All alone I created fantasies  
**Gm** **C7**  
As I grew people called it self-deceiving  
**C7/C#** **C7** **F** **F6** **FM7-F6**  
But my heart helped me hold the memories

**F** **F6** **FM7** **F6**  
As, I walk through the world, I find around me  
**F** **Bb**  
Something new, yet familiar s in the air  
**C** **Am** **D7** **Gm** **C7** **Am** **D7**  
I feel it everywhere, like a child s eyes on a Christmas night  
**Gm** **C** **D** **DM7 D**  
I m lookin at you now, finding answers to my prayers

**Em** **A**  
It s a new day for those good old dreams

Here s the morning that just had to come through

**Em** **A**  
Same old stage but what a change of scene

No more dark horizons, only blue
